

Session Program

28 June 2012 to 4 July 2012

**International Conference on New Frontiers in
Physics**

Saturday Morning Plenary I

Kolymbari, Crete, Greece

Wednesday 4 July

08:30

Saturday Morning Plenary I

Session | Location: Kolymbari, Crete, Greece

08:30–09:00 **Quantum spacetime and noncommutative Schwarzschild black holes**

Speaker

Prof. Shahn Majid

09:00–09:30 **String Cosmology and the LHC**

Speaker

Prof. Nikolaos Mavromatos

09:30–10:00

Experimental perspectives of atom photon-interactions: From fundamental tests to quantum simulations

Speaker

Dr Yiri Minar

10:00–10:30 **Quo Vadis Heavy Ions**

Speaker

Peter Braun-Munzinger

10:30–10:55 **NICA Complex - Status and Plans**

Speaker

Richard Lednicky

10:55–11:20 **Activities and programs of the European Physical Society**

Speaker

Luisa Cifarelli

11:20
