

International Conference on New Frontiers in Physics

Thursday 5 September 2013

Plenary: Sesson 1: Quantum optics, particle physics (08:30 - 10:30)

-Conveners: Shahn Majid

time	[id] title	presenter
08:30	[305] The Higgs: so simple yet so unnatural	ALTARELLI, Guido
09:00	[306] Quantum non locality based on finite-speed causal influences leads to superluminal signalling	BANCAL, Jean-Daniel
09:30	[307] JEDI – Juelich Electric Dipole Moment Investigations	STROEHER, Hans
10:00	[308] The NICA project at JINR Dubna	SORIN, Alexander
