

# International Conference on New Frontiers in Physics

## Wednesday 4 September 2013

### Parallel 3: QCD Theory (18:10 - 19:50)

-Conveners: Malgorzata Anna Janik

time	[id] title	presenter
18:10	[415] Yang-Mills thermodynamics: an effective theory approach	SASAKI, Chihiro
18:30	[413] An effective model of QCD thermodynamics	TURKO, Ludwik
18:50	[416] Lattice QCD Results from the Budapest-Marseille-Wuppertal Collaboration	Dr KURTH, Thorsten
19:15	[412] Non-extensive Statistical Approach for High Energy Collisions	BARNAFOLDI, Gergely BARNAFOLDI, Gergely
19:30	[414] Unconstrained Hamiltonian formulation of low energy QCD	PAVEL, Hans-Peter
