

Session Program

28 August 2013 to 5 September 2013

International Conference on New Frontiers in Physics

Parallel 1

Kolymbari, Crete, Greece

Thursday 5 September

10:50

Parallel 1: Particle and astroparticle physics, gravity, interdisciplinary

Session | **Location:** Kolymbari, Crete, Greece | **Convener:** Malgorzata Kazana

10:50-11:10 An exact Jacobi map in Geodetic Light-Cone Gauge

Speaker

Fanizza Giuseppe

11:10-11:30 Special relativity induced by Granular Space

Speaker

peter Jizba

11:30-11:50 PAMELA mission: Heralding a new era in cosmic ray physics

Speaker

Dr Sergio Bruno Ricciarini

11:50-12:10 Dark Matter Signals in the gamma-ray sky

Speaker

Aldo Morselli

12:10-12:30 OPERA Experiment And Recent Results

Speaker

Serhan Tufanli

12:30-12:50 Highlights from Daya Bay

Speaker

Zhe Wang

12:50-13:10 Highlights from T2K

Speaker

David Hadley

13:10
