

Session Program

15-19 Oct 2012

HEPiX Fall 2012 Workshop

Grid, Cloud and Virtualisation

Institute of High Energy Physics, C305
19B YuquanLu Shijingshan Beijing China

Thursday 18 October

09:00

Grid, Cloud and Virtualisation

Session | **Location:** Institute of High Energy Physics, C305, 19B YuquanLu Shijingshan Beijing China |
Conveners: Dr John Gordon, Dr Keith Chadwick

09:00–09:30

The High-Availability FermiCloud Infrastructure-as-a-Service Facility

Speaker

Steven Timm

09:30–10:00

scientific data cloud infrastructure and services in Chinese Academy of Sciences

Speaker

Dr jianhui Li

10:00–10:30

EGI Federated Cloud Infrastructure

Speaker

Ian Collier

10:30

11:00

Grid, Cloud and Virtualisation

Session | **Location:** Institute of High Energy Physics, C305, 19B YuquanLu Shijingshan Beijing China |
Conveners: Dr John Gordon, Dr Keith Chadwick

11:00–11:30

Virtualisation working group progress report

Speaker

Tony Cass

11:30–12:00

Global Accounting in the Grid and Cloud

Speaker

Dr John Gordon

12:00–12:30

STFC Scientific Computing Department Cloud computing

Speaker

Ian Collier

12:30

17:00

Grid, Cloud and Virtualisation

Session | **Location:** Institute of High Energy Physics, C305, 19B YuquanLu Shijingshan Beijing China |
Conveners: Dr John Gordon, Dr Keith Chadwick

17:00–17:30

CERN and Helix Nebula, the Science Cloud

Speaker

Fernando Harald Barreiro Megino

17:30
