

Session Program

8-12 May 2006

**Workshop on Collider Physics (Argonne &
University of Chicago)**

Top + QCD

Argonne National Laboratory, F108
Bldg. 362 Argonne, IL 60439 USA

Thursday 11 May

09:30

Top + QCD

Session | **Location:** Argonne National Laboratory, F108, Bldg. 362 Argonne, IL 60439 USA

09:30-10:00 **Electroweak gauge boson production through $O(\alpha_s^2)$**

Speaker

Frank Petriello

10:15-10:30 **Coffee break**

10:30-10:50 **Single top from t-tbar production**

Speaker

Puneet Batra

11:00-11:20 **QCD corrections to top spin effects at hadron colliders**

Speaker

Zongguo Si

12:00
