

DISCRETE 2012 - Third Symposium on Prospects in the Physics of Discrete
Symmetries

Contribution ID: 20

Type: **not specified**

Four Basic Ways of Generating Dark Matter Relic density Through a Portal

Tuesday, 4 December 2012 17:50 (25 minutes)

TBA

Primary author: CHU, Xiaoyong (Service de Physique Théorique, CP225, BELGIUM)

Presenter: CHU, Xiaoyong (Service de Physique Théorique, CP225, BELGIUM)

Session Classification: P8 –DARK MATTER
