

LHC on the March

Tuesday, 20 November 2012 - Thursday, 22 November 2012

IHEP, Protvino

Scientific Programme

Searches for Higgs

Higgs Phenomenology and lessons from LHC results

Status and plans of LHC machine

LEP3 Higgs factory

Status and performance of the experiments

Electroweak phenomena

Searches for Phenomena beyond the Standard Model

QCD studies

B-physics

Top quark production and properties

Heavy quarkonia

Heavy Ions Collisions
