

CERN openlab/Intel Workshop on Numerical Computing (2nd instance)

Tuesday 25 September 2012

Floating-point issues and pitfalls seen in High Energy Physics calculations (PH/SFT) - Building 593, Room 11 (09:00 - 10:00)

-Conveners: Vincenzo Innocente; Lorenzo Moneta

time	[id] title	presenter
09:00	[0] Floating Point in Experimental HEP Data Processing	MONETA, Lorenzo INNOCENTE, Vincenzo
09:30	[1] Floating point issues in Data Analysis
