

**Session Program**

**23-28 Sept 2007**

**Vertex 2007**

***Novel detectors and electronics (I)***

Lake Placid, Crowne Plaza Hotel, Olympic 3-4  
New York, USA

# Tuesday 25 September

09:00

## Novel detectors and electronics (I)

Session | Location: Lake Placid, Crowne Plaza Hotel, Olympic 3-4, New York, USA

### 09:00-09:20 Thinned Silicon Detectors

**Speaker**

Hans-Günther Moser

### 09:30-09:50 Development of Monolithic Pixel Sensors for the ILC

**Speaker**

Dr Devis Contarato

### 10:00-10:20 Monolithic Active Pixel Sensors

**Speaker**

Dr Pierre Lutz

### 10:30-11:00 Coffee Break

11:00-11:20

### Characterization of deep N-well CMOS MAPS for the ILC vertex detector

**Speaker**

Dr Gianluca Traversi

### 11:30-11:50 3d circuit integration

**Speaker**

Mr Ray Yarema

12:00
