

Session Program

21-27 Jul 2013

Strangeness in Quark Matter

Thermal models/Hydro

The University of Birmingham
Birmingham B15 2TT United Kingdom

Friday 26 July

14:00

Thermal models/Hydro

Session |**Location:** The University of Birmingham, Arts Lecture Room 1 - Room 125, Birmingham B15 2TT United Kingdom

14:00-14:20

Production of Strange, Non-Strange Particles and Hypernuclei in an Excluded-Volume Model

Speaker

Swatantra Kumar Tiwari

14:20-14:40

Event-by-event correlation between medium flow and jet flow

Speaker

Denes Molnar

14:40-15:00

Strangeness at high temperatures

Speaker

Christian Schmidt

15:00-15:20

Systematic Properties of the Tsallis Distribution: Energy Dependence of Parameters

Speaker

Prof. Jean Cleymans

15:20-15:40

Elliptic Flow from fKLN Initial Conditions

Speaker

Dr francesco scardina

16:00
