

Jan Hamann

What I'm interested in

Initial conditions

Energy content of
the Universe

Inflation

Dark matter

Cosmology

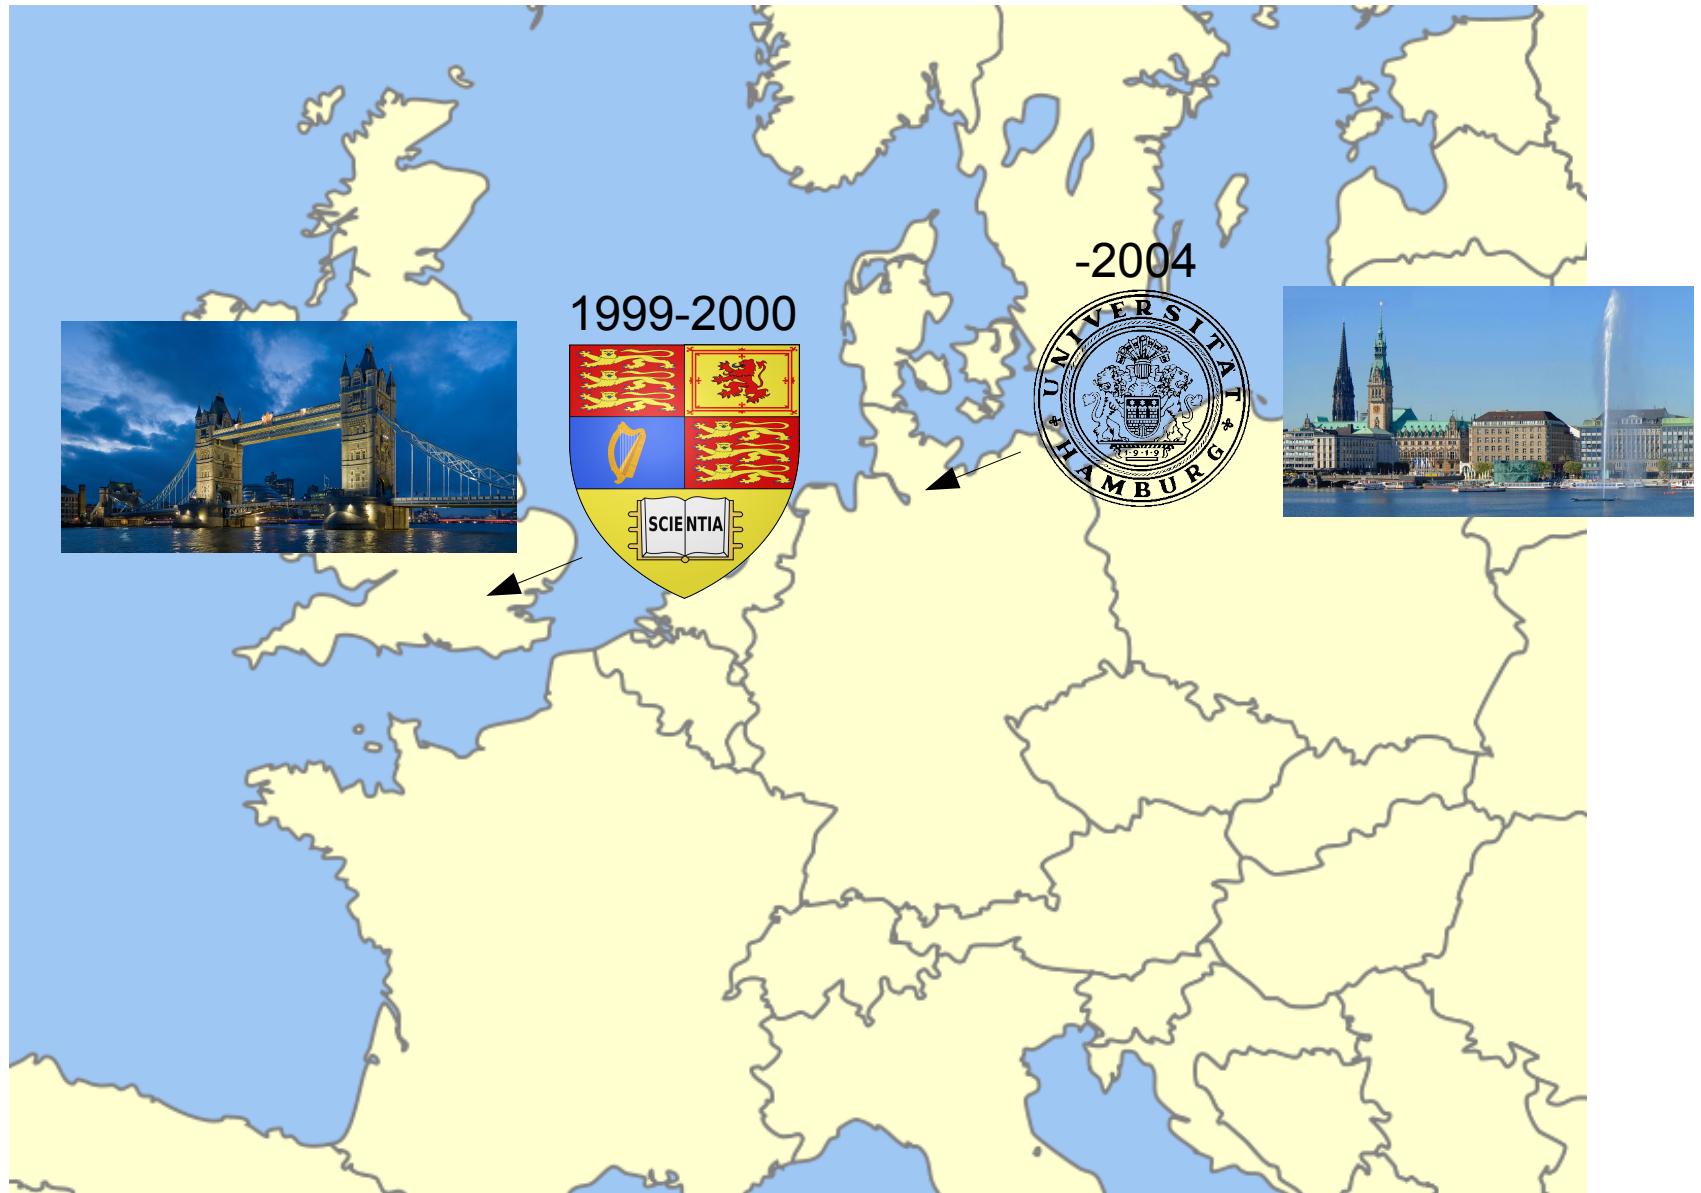

Neutrinos

Cosmic Microwave
Background

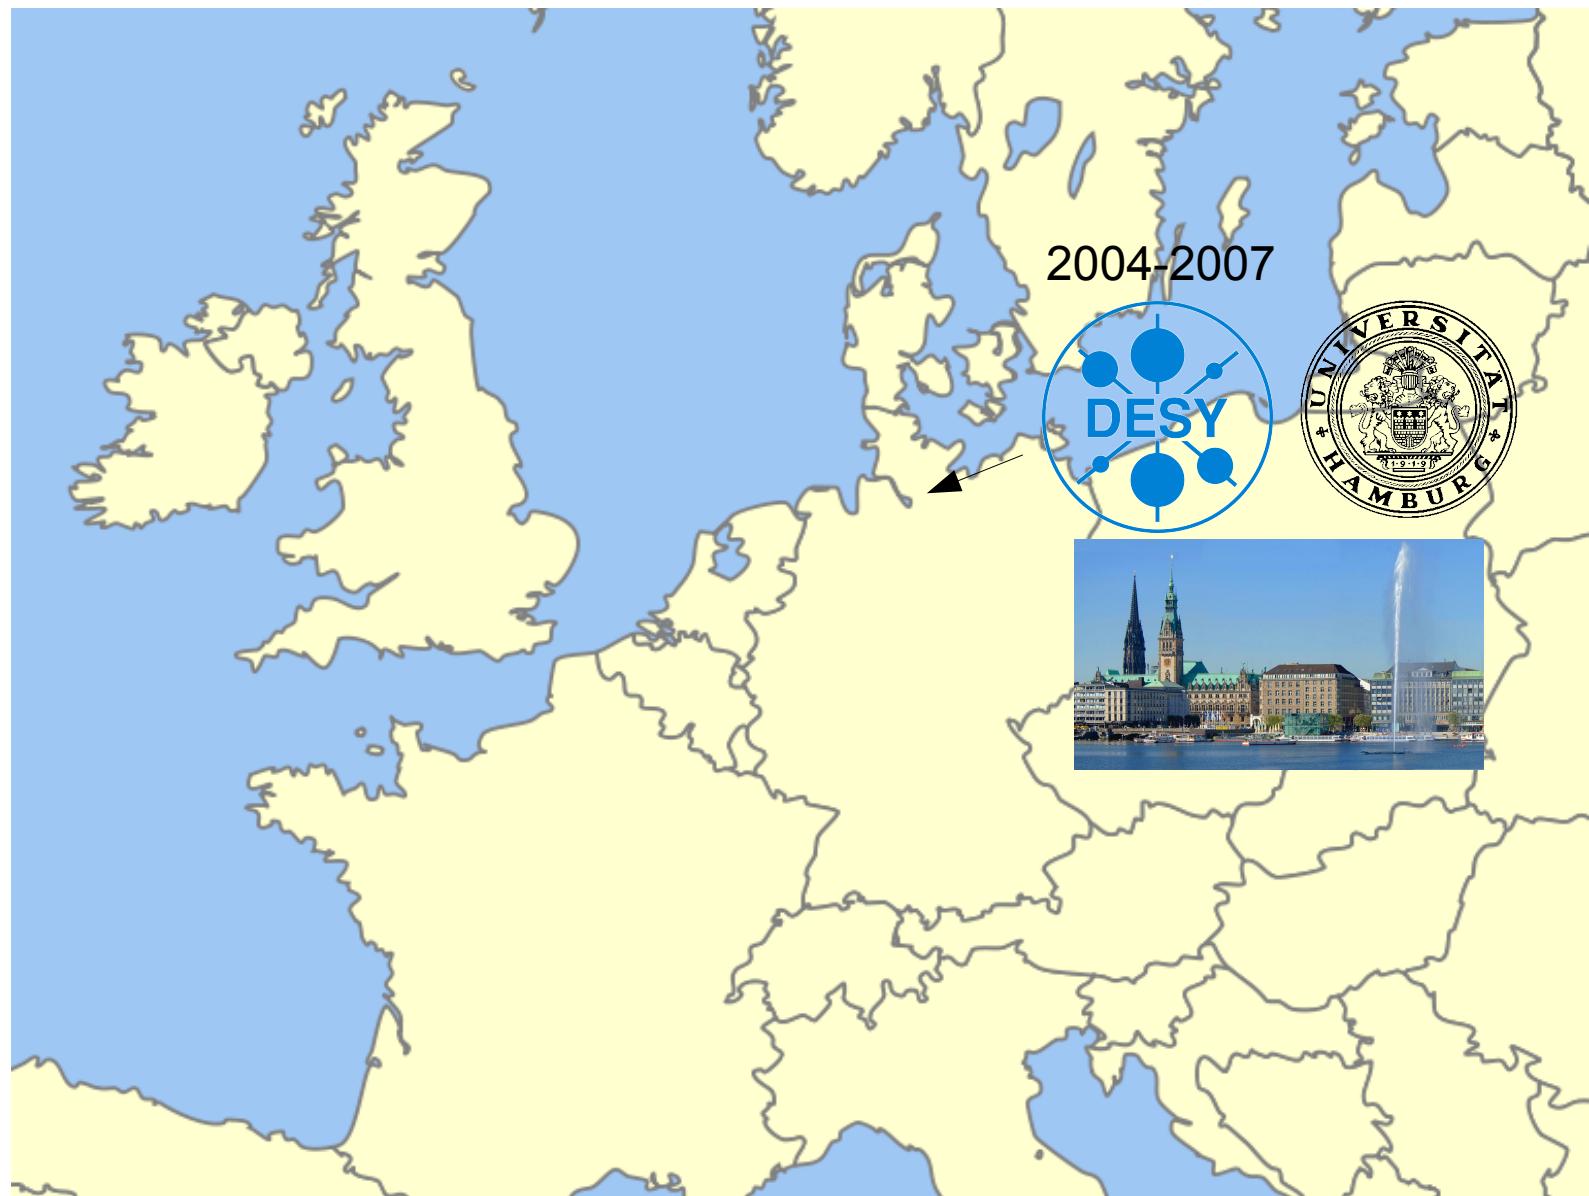

Large Scale
Structure

Statistical methods

Where I've lived: Undergraduate studies

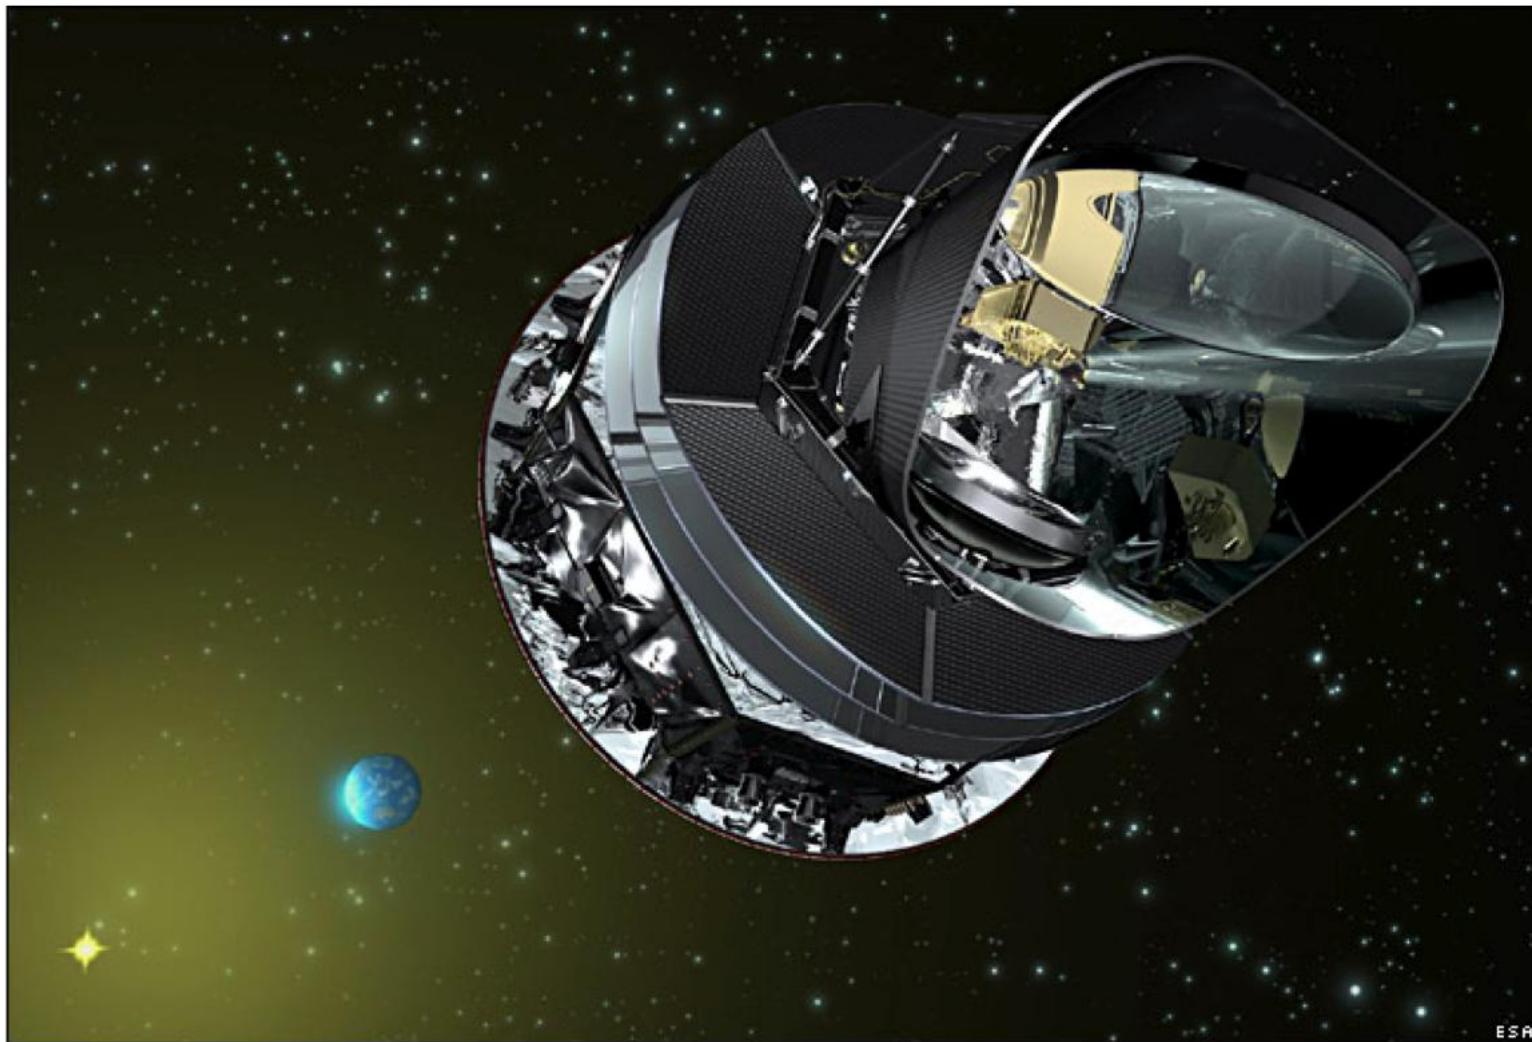

Where I've lived: Graduate studies

Where I've lived: Postdocs

What I'm currently working on: Planck

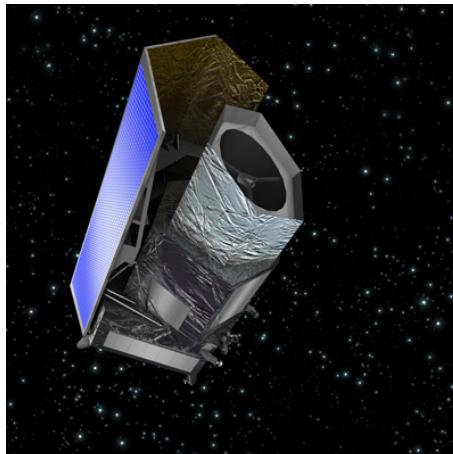

What I'm currently working on: Planck

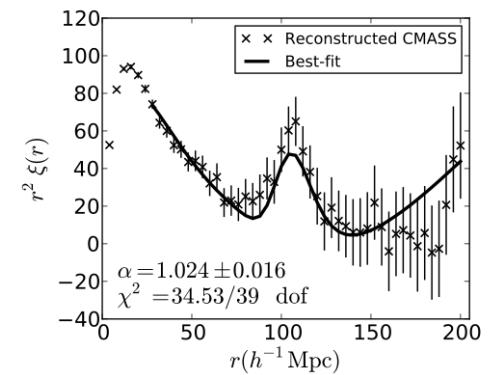

What I'm currently working on: future galaxy surveys

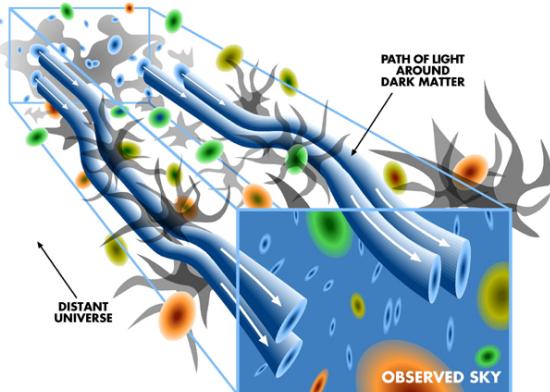

type Ia SNe

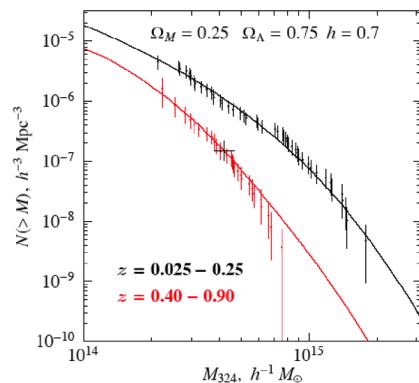

BAO scale

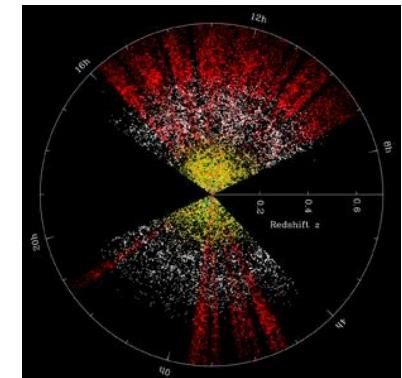

weak lensing

cluster mass function

galaxy distribution

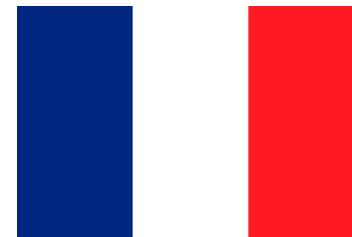

What else...?

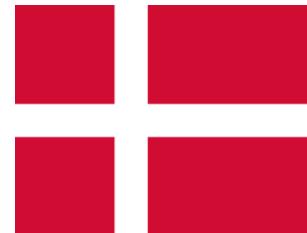

Munich: Bairisch

Annecy: Français

Aarhus: Dansk
