

Session Program

3-5 Jun 2013

22nd RD50 Workshop (Albuquerque, USA)

Session 2: Radiation Damage in LHC detectors

University of New Mexico, Student Union Building
Albuquerque, New Mexico, USA

Monday 3 June

14:00

Session 2: Radiation Damage in LHC detectors

Session | **Location:** University of New Mexico, Student Union Building, Albuquerque, New Mexico, USA |
Convener: Konstantin Toms

14:00–14:30

Radiation Damage of the ATLAS Pixel Sensors Using Leakage Current Measurement System

Speaker

Igor Gorelov

14:30–15:00

Status of radiation effects of the ATLAS SCT detector

Speaker

Taka Kondo

15:00–15:30

Coffee Break

15:30–16:00

Radiation damage effects in the LHCb Vertex Locator

Speaker

Zhou Xing

16:00–16:30

Summary of the session

Speaker

Konstantin Toms

17:00
