

Session Program

19-21 Nov 2012

Marseille Workshop on Scientific Data Preservation

Data Preservation: inter-disciplinary session (Tuesday PM)

Centre de Physique des Particules de Marseille, Auditorium
163 Avenue de Luminy, 13288 Marseille

Tuesday 20 November

13:30

Data Preservation: inter-disciplinary session (Tuesday PM)

Session |

Location: Centre de Physique des Particules de Marseille, Auditorium, 163 Avenue de Luminy, 13288 Marseille

14:00-14:20

Data Preservation in a multidisciplinary context

14:30-15:00

CC-IN2P3: Experiments and Services

Speaker

Dr Ghita Rahal

15:00-15:30

Data management in astrophysics

Speaker

Surace Christian

15:30-16:00

Coffee Break

16:00-16:20

Earth Observatory Long Term Data Preservation and SCIDIP-ES Project

Speaker

Prof. Fulvio Marelli

16:30-16:50

Multiple data and clustering

Speaker

Mustapha Lebbah

17:00-17:20

What Big Data and Cloud Computing can do for Scientists?

Speaker

Salima Benbernou

17:30-18:00

A multi-disciplinary project in US: DASPOS

Speaker

Mike Hildreth

18:10-19:00

Discussion Session : Innovative techniques for data preservation and access (virtualisation, clouds, mining algorithms etc.)

19:00
