

# LHCP 2013 - First Large Hadron Collider Physics Conference

## Friday, 17 May 2013

### Parallel: Top 2 (14:30 - 16:15)

-Conveners: **Andreas Jung; Roberto Tenchini; Francisco del Aguila**

time	[id] title	presenter
14:30	[359] Single top quark production in ATLAS at the LHC	STILLINGS, Jan Andre
14:45	[360] Single top quark production with CMS	PICCOLO, Davide
15:00	[361] Top AFB and BSM: moving forward or backward?	DELAUNAY, Cedric
15:15	[363] The top quark meets its heavy partners	AGUILAR SAAVEDRA, Juan Antonio
15:30	[364] Top quark pair properties: spin correlations, charge asymmetry and complex final states at LHC in ATLAS	RUBBO, Francesco
15:45	[365] Measurements of the top-quark properties at CMS	JAFARI, Abideh
16:00	[362] Leptonic asymmetry in $t\bar{t}$ production at CDF	CAMARDA, Stefano
