### *Information Bulletin 2*

#### **Preliminary program**

To date, the preliminary program of the Workshop took tangible shape.  
The first day is supposed to be mainly devoted to Higgs and Quark-Gluon plasma.  
The second day will presumably contain neutrino and QCD problems.  
The third day is devoted to black holes, astrophysical and cosmological problems.  
One can find the preliminary time table in the attachment to this message.

#### **Panel discussions**

We hope that panelists and moderators will be agreed and defined by the middle of May.

Suggestions are welcome.

Instructions and proposals for moderators will be sent in advance.

#### **Visas and information on your flights**

We would like to remind **to urge activities concerning visas**. It would be also quite helpful **to register on the site of the Workshop**.

When you know exactly number, time and airport of your flight, please, inform us in advance to organize transport for you. If you decide to go to Moscow first, we can pick up you there.

## **IMPORTANT DATES:**

**May 1, 2013** - start of the presentation upload

**May 15, 2013** – **1st registration deadline for those who needs Russian visa, change of the registration fee** (5000 rub. to 8000 rub.)

**June 1, 2013** – **2nd registration deadline for those who needs Russian visa**

**June 15, 2013** - **registration deadline for domestic participants**

**June 15, 2013** - end of the registration procedure and abstract submission

**Since visa formalities may take a long time, please, try to send us the information as early as possible (it is better before May 1, 2013).**

Please, send us the title of your talk (even if preliminary) before **June 15, 2013** and try to upload your presentation by the web interface (will be open after **January 15, 2013**) or send it by e-mail to [Roman.Rioutine@cern.ch](mailto:Roman.Rioutine@cern.ch) before **June 15, 2013**.

**Please, inform organizers about any changes.**
