## **Metrics Session: Discussions of scholarly articles online: who, why and where**

*Wednesday 19 June 2013 16:00 (30 minutes)*

The field of altmetrics is based on the online activity around articles. How much of this exists, where is it happening and who is involved? Altmetric.com has been tracking this data for publishers, funders and institutions since July 2011 and in this talk we'll make some general observations and highlight interesting trends.

**Presenter:** Mr ADIE, Euan (Digital Science)

**Session Classification:** Plenary 2
