

Session Program

18-22 Mar 2013

The biggest accelerators in space and on earth

Accelerators on Earth: the LHC and its physics results

CERN, 222/R-001

Monday 18 March

14:30

Accelerators on Earth: the LHC and its physics results

Session | **Location:** CERN, 222/R-001 | **Convener:** Michelangelo Mangano

14:30–15:20

The LHC accelerator complex

Speaker

Prof. Lucio Rossi

15:20–16:00

LHC searches for gravitational effects at the TeV scale (covering BH's, extra dimensions)

Speaker

Douglas Gingrich

16:00
