

The biggest accelerators in space and on earth

Wednesday, 20 March 2013

Black Hole Gravitational Collapse / GRB - 222/R-001 (10:55 - 14:25)

-Conveners: Mark Birkinshaw

time	[id] title	presenter
11:20	[25] Gravitational collapse in alternative gravity	GERGELY, Laszlo
11:40	[26] Physical parameters of the relativistic shell in the GRB	SIMIC, Sasa
12:00	[27] High energy emission from gamma-ray bursts and other astronomical sources	ZIAEPOUR, Hourii
12:20	Lunch break
