# The 20<sup>th</sup> CHEP Conference Amsterdam 2013

# 1985 – 2013 – 2015 ...

**CHEP2013: October 14 – 18, 2013 in Amsterdam, The Netherlands**

**Welcome to CHEP 2013**

It is our pleasure to announce that the 20th International Conference on Computing in High Energy and Nuclear Physics (CHEP) will be held in Amsterdam, The Netherlands. Starting Monday October 14th and concluding Friday the 18th, you will be hosted right in the centre of Amsterdam in the Beurs van Berlage, a landmark building built on top of the river Amstel which gave Amsterdam its name.

**On-site registration only – Join us on October 14th from 08.00 CEST onwards!**

Registration closed	Time table mobile via C4me	Key Notes and Contributions
---------------------	-------------------------------	-----------------------------

'BIG Data Beyond Moore's Law', coming to terms with Moore-less cores, ever increasing data volumes, and managing more resources without using more people. With major key note speakers and dedicated tracks on

- o data acquisition, trigger and controls;
- o event processing, simulation and analysis;
- o distributed processing and data handling;
- o data stores, data bases and storage systems;
- o software engineering, parallelism & multi-core programming;
- o facilities, production infrastructures, networking and collaborative tools.

Nikhef, the Dutch National Institute for Sub-atomic Physics, is pleased to host this special 20th edition in Amsterdam. Home to 174 different nationalities, Amsterdam is a true melting pot of cultures. The city centre with
