

Session Program

12-14 Mar 2013

ALICE, ATLAS, CMS & LHCb joint workshop on *DAQ@LHC*

System performance to date

Château de Bossey (20 km from CERN), Hexagon Conference hall

Tuesday 12 March

11:00

System performance to date

Session | **Location:** Château de Bossey (20 km from CERN), Hexagon Conference hall | **Convener:** Vasco Chibante Barroso

11:00-11:25 Diagnostics & Automation

Speaker
Luca Magnoni

11:30-11:55 Systems configuration

Speaker
Luis Granada Cardoso

12:00-12:25 Data quality monitoring

Speaker
Mr Barthelemy Von Haller

12:30

14:00

System performance to date

Session | **Location:** Château de Bossey (20 km from CERN), Hexagon Conference hall | **Convener:** Beat Jost

14:00-14:20 Future of detector readout links and its impact on DAQ systems

Speaker
Jorgen Christiansen

14:25-14:50 LHC Event Building systems

Speaker
Wainer Vandelli

14:55-15:20 Dataflow monitoring

Speaker
Nicoletta Garelli

15:30

16:00

System performance to date

Session | **Location:** Château de Bossey (20 km from CERN), Hexagon Conference hall | **Convener:** Rainer Schwemmer

16:00-16:25 Data storage: status quo

Speaker
Roberto Divia

16:30-16:55 Systems management

Speaker
Diana Scannicchio

17:30
