

The first three years of the LHC

Wednesday, 20 March 2013

BSM (09:00 - 12:00)

-Conveners: Alexandr Azatov

time	[id] title	presenter
09:00	[14] Searching for electro-weak production at the LHC	BUCKLEY, Matt
09:35	[15] Higgs physics and the electroweak phase transition	PONTON, Eduardo
10:10	Coffee break	
10:40	[16] Interpretation of Higgs search results within the NMSSM	MUEHLEITNER, Margarete
11:15	[17] Discussion: Is there any BSM physics at the TeV scale apart from (maybe) dark matter?	DELGADO, Antonio
