

# TWEPP-08 Topical Workshop on Electronics for Particle Physics

## Friday, 19 September 2008

### Parallel Session A6 - Trigger2 (09:00 - 11:05)

time	[id] title	presenter
09:00	[118] The Sector Collector of the CMS DT Trigger System: Installation and Performance	Dr TRAVAGLINI, Riccardo
09:25	[52] The commissioning status and results of ATLAS Level1 Endcap Muon Trigger System	Mr OKUMURA, Yasuyuki
09:50	[8] Level-3 Calorimeter Resolutions Available for the Level-1 and Level-2 CDF Triggers.	GRECO, Virginia
10:15	[136] Commissioning of the ATLAS Level-1 Central Trigger system	MESSINA, Andrea
10:40	[6] Modular Trigger Processing - The GCT Muon/Quiet bit System and future applications	Mr STETTLER, Matt
