

Session Program

14-16 Jan 2013

**Workshop on Heavy Flavor Production at
Hadron Colliders**

Vector boson and b -jet production II

LBNL, Perseverance Hall

Tuesday 15 January

15:30

Vector boson and b-jet production II

Session | **Location:** LBNL, Perseverence Hall | **Convener:** Fabio Maltoni

15:30–16:10

Status and issues on the predictions for V+heavy flavors at the LHC

Speaker

John Campbell

16:15–16:40

V+b-jet production results from ATLAS

Speaker

Giovanni Zevi Della Porta

16:45–17:40

Discussion: 4- vs 5-flavor scheme

Speaker

Fabio Maltoni

17:45
