

Outing to Chamonix-Mt. Blanc Sunday 1st September

Departure CERN hostel (bdg 39) 09:00
Leaving Chamonix 18:00 (sharp)

The bus driver will drop you off at a point close to the Chamonix town centre and will depart from the same point for return to CERN. If the weather is good, the mountain railways and cable cars can become very busy. Take care to set out soon enough to return to Chamonix in time.

Clothing: if you intend to visit any high-altitude site or go on any of the hiking paths, we recommend **good sports shoes**. Remember that the weather can change quickly and there are important differences in air temperature with altitude. Bring a **warm** jumper or jacket and something waterproof. Even if you are staying down in Chamonix town, it is rather cold.

The CERN restaurant will have sandwiches and drinks on sale from 7 am on Sunday.

Weather forecast: www.chamonix-meteo.com

Further information can be obtained from www.chamonix.com or from app 'chamonix' for smartphones. Brochures and maps will be provided by the School secretariat.

8th CERN-Fermilab HCP Summer School
