

# 8th "Trento" Workshop on Advanced Silicon Radiation Detectors (3D and p-type)

Contribution ID: 23

Type: **not specified**

## Characterization results of recent CNM 3D productions

*Tuesday, 19 February 2013 09:20 (20 minutes)*

The results of the CNM 3D sensor development and productions, including sensors for the ATLAS IBL detector, will be briefly reviewed. Testbeam results of irradiated and non-irradiated sensors and recent burn-in tests of 3D prototypes will be presented.

**Primary author:** MICELLI, Andrea (IFAE Barcelona)

**Co-authors:** LOPEZ PAZ, Ivan (Universitat Autònoma de Barcelona (ES)); GRINSTEIN, Sebastian (IFAE/ICREA - Barcelona); TSISKARIDZE, Shota (Universitat Autònoma de Barcelona (ES))

**Presenter:** MICELLI, Andrea (IFAE Barcelona)

**Session Classification:** 3D Sensors 1
