

8th "Trento" Workshop on Advanced Silicon Radiation Detectors (3D and p-type)

Monday 18 February 2013

Planar Sensors 1 - "Stringa" Conference Hall (15:00 - 16:20)

-Conveners: Yoshinobu Unno

time	[id] title	presenter
15:00	[19] Recent Achievements of the ATLAS Upgrade Planar Pixel Sensors R&D Project	WEINGARTEN, Jens
15:20	[2] Characterization of thin n-in-p planar pixel sensors with active edges before and after irradiation	TERZO, Stefano
15:40	[34] Update on CCE results with very thin (50 μ m) Si detectors	CASSE, Gianluigi
16:00	[25] PTP and the inter-strip capacitance and resistance for irradiated ATLAS07 mini-sensors.	Dr BOHM, Jan
