MTTR & Spare Parts Policy for the LHC injectors, experimental areas and other facilities: TS Groups & AB-ABP group

08:30-09:10

Felix Rodriguez Mateos: MTTR and spare parts, TS/EL

The presentation will start with the overview of the risk register for the CERN electrical networks. According to this study, the analysis of MTTR will focus on the systems evaluated as most critical. Reference to past experience and statistics will be presented. Management of the maintenance and spare parts within the group will be reviewed and an outline for the future strategy discussed.
