# 20 years Anniversary!!

- The symposium was started in 1993 by Prof. Takashi Ohsugi  
and the members of organizing committee.
- To bring together experts of semiconductor tracking detectors  
from all over the world for discussions and stimulations.
- Your achievements are published in Nucl. Instr. Meth.  
to be the reference of the field.
- This is the number 9<sup>th</sup> in the series and of the 20  
years Anniversary!!  
The previous sites are geographically...

around the Pacific rim... (Next one will be an another exciting...)
