

Excursion: Miyajima Tour (and Symposium Dinner), September 4th (Wednesday) **(Bus Group)**

Please visit <http://visit-miyajima-japan.com/en/> for general information of Miyajima Island, an Island where people and Gods live together. The best place to visit is "Itsukushima Shrine", which was first build in 593 (in the time of Empress Suiko). The present shrine pavilion was constructed by a general Taira-no-Kiyomori in 1168, and was selected as one of World Cultural Heritages in 1996. If you are familiar with Itsukushima Shrine, you may visit "Mount Misen", a holy mountain on Miyajima Island. You can enjoy beautiful nature and view. There are many other places you can enjoy. The time table is given below.

12:00 Session ends. **Pick-up your ticket (of Aquarium or ropeway) at the Conference room.** Get together in front of the "Hotel Sunroute" by 12:25.

12:30 Get on the tour bus at the front of the hotel. **Your lunch box will be provided there.** It will take 40 minutes to reach to "Miyajima-guchi Station". (During the trip you can enjoy your lunch.)

13:25 Take a ferry to Miyajima Island (~10 minutes). **We will get on a JR-ferry (the entrance is at the right side). The LOC will buy a group ticket so that individual tickets are not required.** Enjoy a nice view of the Grand Gate. At "Miyajima Pier", a boat group will join us, and then we will split into two groups. (The LOC will prepare a sign-up sheet at the Conference rom. Please sign-up for either one by Tuesday morning.)
