

Session Program

11-15 Feb 2013

Jet quenching: the interface between theory and experiment

Introductory Session

CERN, 4/3-006 - TH Conference Room

Monday 11 February

14:00

Introductory Session

Session | **Location:** CERN, 216/R-401 - Salle polyvalente PUMP HALL | **Conveners:**
Dr Christof Roland, Urs Wiedemann

14:00–14:15 **Introductory remarks**

14:15–14:45 **Satus of Jet Measurements in CMS**

Speaker
Yen-Jie Lee

14:45–15:15 **Status of Jet Measurements in ATLAS**

Speakers
Aaron Richard Angerami, Brian Cole

15:15–15:30 **BREAK**

15:30–16:00 **Status of Jet Measurements in ALICE**

Speaker
Rosi Jan Reed

16:00–16:30 **Status of Jet quenching - theory**

Speaker
Jorge Casalderrey Solana

16:30–17:30 **Discussion Session**

17:30
