

## Title

### **Instrumentation for Large Groundbased Astronomical Telescopes**

## Speaker

### **Dr. Hans Ulrich Kaeufl**

## CV

- Born in Landshut, Germany in 1954.
- After military service studied Physics at the Technical University of Munich.
- Diploma in Physics 1981.
- PhD in 1984 with work on infrared laser heterodyne receivers and astronomical spectroscopy at the Max-Planck-Institute for extraterrestrial Physics.
- 1985 post-doc at NASA's Goddard Space Flight Centre.
- 1986-1989 with AGFA-Gevaert Munich/Germany and Mortsel/Belgium.
- Since 1989 member of ESO's Instrumentation Division. Deputy group head of instrumentation projects department.
- Overall responsible for ESO's TIMMI, TIMMI2, VISIR and CRIRES instrumentation projects.
