

XXIV Workshop on Weak Interactions and Neutrinos - WIN'13

Monday, 16 September 2013

Plenary Session: Electroweak Symmetry Breaking - Chair: Carlos Savoy - Sala Praia Bela A (09:00 - 10:30)

time	[id] title	presenter
09:00	[140] A modified naturalness principle and its experimental tests	STRUMIA, Alessandro
09:45	[77] Higgs at the LHC	VAN MULDER, Petra

Plenary Session: Neutrino Physics - Chair: Hisakazu Minakata - Sala Praia Bela A (11:00 - 12:30)

time	[id] title	presenter
11:00	[154] Neutrinos: Theory	GONZALEZ-GARCIA, Concepcion
11:45	[139] Experimental Status of Neutrino Physics	YOKOYAMA, Masashi

Plenary Session: Weak Decays, CKM and CP Violation - Chair: Oscar Vives - Sala Praia Bela A (15:00 - 16:30)

time	[id] title	presenter
15:00	[135] Flavour and CP violation in the quark sector - a non-exhaustive theory overview	BLANKE, Monika
15:45	[144] Status of indirect searches for NP in Flavour Physics	TEUBERT, Frederic

Plenary Session: Astroparticle Physics - Chair: Michele Frigerio - Sala Praia Bela A (17:00 - 18:30)

time	[id] title	presenter
17:00	[155] Status of particle dark matter theory	GELMINI, Graciela
17:45	[61] Cosmological parameters from the Planck satellite	GALLI, Silvia

Friday, 20 September 2013

Plenary Session: Future Perspectives - Chair: Jorge Morfin - Sala Praia Bela A (15:00 - 16:30)

time	[id] title	presenter
15:00	[95] The Alpha Magnetic Spectrometer on the International Space Station	ROSIER, Sylvie
15:45	[153] Do We Need Physics Beyond the Standard Model ?	BURDMAN, Gustavo

Plenary Session: Future Perspectives - Chair : Pedro de Holanda - Sala Praia Bela A (17:00 - 18:30)

time	[id] title	presenter
17:00	[138] Future perspective of Neutrino Physics	Dr PARKE, Stephen
17:45	[156] Perspectives for New Physics in the Flavour Sector	BRANCO, Gustavo
