

Introduction & Goals of the workshop

Thursday, 12 June 2008 09:00 (15 minutes)

Assumes that a high(-ish) level summary of the goals and achievements of the challenge are given the previous day at the GDB. (60'?)

<P> NO REPETITION! <P> All talks should be timed to fit easily within the allocated slot with at least 1/3 time for questions, discussion and comments! (We can adjust the length of slots to fit what is needed - within the overall restriction of a total of 2 days!)

Presenter: SHIERS, Jamie (CERN)
