

Caudia Marcelloni De Oliveira

Claudia Marcelloni joined the ATLAS collaboration at CERN in 2006, when she was commissioned to produce a Book about the completion of the ATLAS detector. Along the years she has been in charge of the production of several multimedia projects for ATLAS. Today Claudia is the ATLAS Communications Officer, as well as the head and curator for TEDxCERN and the communications coordinator for Cineglobe (the international film festival at CERN).

She has a degree in Communications from the ESPM University in São Paulo, Brazil as well as diplomas in business from the International Business School of Sydney, Australia, and in Design and Photography from the UC Berkeley Extension program in San Francisco, CA, USA.
