Condor batch system support for CREAM CE

Kai Neuffer
Dublin

www.eu-egee.org

- **CREAM CE**
 - vce02 is installed in the testbed
 - Infosystem is working fine
 - CE is configured as condor submitter
 - vui01 installed as cream UI
 - blah needs still to be adapted
 - blah_scripts
 - BLParser for condor
- **YAIM scripts**
 - Already working
 - config_gip_sched_plugin_condor
 - config_condor_submitter
 - To be changed
 - config_cream_blah

- **Information needed:**
 - BLParser and blah interface documentation (INFN?)
 - blah_common_functions.sh description
- **ToDo:**
 - blah scripts, BLParser and Yaim module
 - Test Apel support
 - Check MPI support in condor
 - Write condor specific tests
