Contribution ID: **17**                                                                      Type: **not specified**

# Drafting a program of work for EGEE-III

What will change
Handling more partners
Process
Hao can we share better the "project overhead" (reporting etc.)
How to track progress
