

Session Program

13 March 2013

LHC students poster session

Jets and QCD studies

CERN, Building 40, ground floor

Wednesday 13 March

17:00

Jets and QCD studies

Poster Session | Location: CERN, Building 40, ground floor

Direct photon production in 7 TeV pp collisions in ATLAS

Speakers

Scarlet Norberg, Scarlet Rachel Norberg

Measurement of the 3-jet mass cross section and extraction of α_s .

Speaker

Fred Stober

LHCf measurements of neutron production at large rapidity

Speaker

Kawade Kentaro

Studies of soft diffraction with TOTEM at the LHC

Speaker

Fredrik Oljemark

Measurement of the jet cross sections at CMS

Speaker

Ozlem Kaya

18:59
