

Session Program

13 March 2013

LHC students poster session

Physics of heavy flavours

CERN, Building 40, ground floor

Wednesday 13 March

17:03

Physics of heavy flavours

Poster Session | Location: CERN, Building 40, ground floor

Charmless B- \rightarrow 3-body decays at LHCb

Speaker

Jessica Prisciandaro

Measurement of gamma from B- \rightarrow DK decays

Speaker

Nazim Hussain

LHCb results on B meson mixing

Speakers

Frank Meier, Ulrich Paul Eitschberger

Measurement of the decay-time-evolution of Bs \rightarrow J/psi phi decays

Speaker

Vasileios Syropoulos

Study of CP asymmetry in B0 \rightarrow K*mumu

Speaker

Simon Robert Magee Wright

First evidence for the decay Bs \rightarrow mumu

Speaker

Siim Tolk

Search for CP violation in D- \rightarrow 4h decays

Speaker

Matt Coombes

Search for the rare decays D- \rightarrow hmumu at LHCb

Speaker

Ed Greening

Measurements of b hadron masses

Speaker

Raphael Marki

19:00
