

Session Program

19-24 May 2013

FPCP 2013 - Flavor Physics & CP Violation

Charm spectroscopy and rare decays

Buzios - Rio de Janeiro
Hotel Atlântico Búzios Brazil

Monday 20 May

11:00

Charm spectroscopy and rare decays

Session | Location: | Convener: Sandra Amato

11:00–11:30 **Charm spectroscopy and rare decays**

Speaker

Diego Milanes Carreno

11:30–12:00 **Measurement of D_0 mass and D^* natural linewidth**

Speaker

Gabriele Simi

12:00–12:30 **Highlights from BESIII**

Speaker

Roy Briere

12:30

14:00

Charm spectroscopy and rare decays: II

Session | Location: | Convener: Carla Gobel Burlamaqui De Mello

14:00–14:30 **D meson Physics**

Speaker

Cheng-Wei Chiang

14:30–15:00 **D_0 mixing**

Speaker

Karim Trabelsi

15:00–15:30 **Charm mixing and CP violation**

Speaker

Alberto Correa Dos Reis

15:30–16:00 **Search for CP violation in charm at e^+e^- colliders**

Speaker

Ryan Mackenzie White

16:00
