CERN DM Input to Media

- CERN DM covers DPM, LFC, FTS, data management clients

- What CERN DM would like
  - Forum for synchronisation
    - Roadmap sharing
  - Place to trigger targeted actions
    - Sync work on particular topics
      - From technical evolution to testbeds
      - And to report
    - Construct project proposals
  - Way to connect to new users

- What CERN DM would not like from Media
  - Top-down coordination
  - Prioritisation & rfc management
  - Technical representation
  - Services, such as...
    - Release management
    - Repos
    - Testbeds
    - Trackers
