

ICEC/ICMC 2014 Conference

Wednesday 9 July 2014

Wed-Mo-Orals Session 7: Safety, Standards, Instrumentation and Current Leads - WA1 (11:00 - 13:00)

-Conveners: Johan Bremer

time	[id] title	presenter
11:00	[149] [Invited Oral] Controlled Cold Helium Spill Test in the LHC Tunnel at CERN	KOETTIG, Torsten
11:30	[368] Modelling and experimental verification of the pressure wave following a gaseous helium storage tank rupture	Mr GRABOWSKI, Maciej
11:45	[275] SQUID-based noise thermometer for sub-millikelvin refrigerators	Mr SCHMIDT, Marco
12:15	[314] Standardization in Cryogenic Thermal Insulation Systems	Mr FESMIRE, James
12:30	[256] Cryogenic commissioning of the new Current Lead Test Facility CuLTKa	Mr RICHTER, Thomas
