

**Session Program**

**7-11 Apr 2008**

**DIS 2008**

***Joint Session: Electroweak Physics +  
Structure Functions***

University College London  
Gower Street, London, United Kingdom WC1E 6BT

# Tuesday 8 April

09:00

## Joint Session: Electroweak Physics + Structure Functions

**Session** | **Location:** University College London, Massey, Gower Street, London, United Kingdom WC1E 6BT

09:00–09:20 **Measurement of  $\sin^2\theta$  with NuTeV**

**Speaker**

Prof. Kevin McFarland

09:20–09:40 **ZEUS EW Fit and Measurement of the CC Cross Section**

**Speaker**

Kunihiro Nagano

09:40–10:00 **Measurement of the W Charge Asymmetry at the Tevatron**

**Speaker**

Prof. Kevin McFarland

10:00–10:20 **Measurements of Z Production at the Tevatron**

**Speaker**

Cristina Galea

10:20–10:40 **PDFs in Electroweak Processes at the LHC**

**Speaker**

Silvia Goy Lopez

10:40
