Type: **Oral presentation**

Experiences with Ceph at the ATLAS Midwest Tier 2

Thursday, 31 October 2013 15:55 (25 minutes)

This talk will cover our deployment of Ceph, a highly-scalable next-generation distributed filesystem, at Midwest Tier 2 to back-end various projects. We'll talk about our experience deploying Ceph, performance benchmarks, and some thoughts about where we would like to go next.
