

Session Program

14-18 Oct 2013

**ISOLDE Shell Model Course for Non
Practitioners**

***Computing Session V: Lanczos Strength
Functions.***

CERN, 593-R-010

Friday 18 October

09:00

Computing Session V: Lanczos Strength Functions.

Session | **Location:** CERN, 593-R-010

12:30

09:00–10:10 **GT transitions (option 24)****10:10–11:20** **Spectroscopic factors (option 26)****11:20–12:30** **Calculation of distributions using LSF method (options 6,7)**
