

Session Program

19-20 Aug 2013

LPC Workshop on Gauge Boson Couplings

Session 1

LPC, Sunrise

Monday 19 August

08:00

Session 1

Session | **Location:** LPC, Sunrise | **Convener:** Jeffrey Berryhill

08:00–08:30

Registration (In the X-over outside Sunrise Room WH11), after 8:30 AM with Terry Read in the X-over

08:30–08:40

Welcome

Speakers

Boaz Klima, Meenakshi Narain, Rick Cavanaugh

08:40–09:25

Overview and current status of the gauge coupling constraints in the light of a Higgs boson of mass 125 GeV

Speaker

Olivier Pierre C Mattelaer

09:25–10:10

Anomalous couplings in Effective Field Theory: TGC and QGC and connection between the two

Speaker

Celine Degrande

10:10
