## Mass, spin and CP

**Session** | **Location:** University of Freiburg, Hermann-Herder-Str. 3 79104 Freiburg

14:30–15:00 **Higgs boson mass and width in ATLAS and CMS**

**Speaker**

Dr Fabien Tarrade

15:00–15:35 **Higgs mass and width, line-shape**

**Speaker**

Daniel De Florian

15:35–15:50 **Discussion**

15:50–16:15 **Coffee break**

16:15–16:40 **Higgs boson spin/CP, Results from CMS**

**Speaker**

Andrei Gritsan

16:40–17:05 **Determination of Spin and CP of the Higgs Boson in ATLAS**

**Speaker**

Yesenia Hernandez Jimenez

17:05–17:30 **Results on Higgs boson parameters from the Tevatron**

**Speakers**

Gregorio Bernardi, gregorio bernardi, gregorio bernardi

17:30–18:05 **Effective models for spin and CP studies**

**Speaker**

Kentarou Mawatari

18:05–18:20 **Discussion**

18:20
