

Session Program

14-16 Oct 2013

Higgs Couplings 2013

Higgs boson couplings and structure

University of Freiburg
Hermann-Herder-Str. 3 79104 Freiburg

Tuesday 15 October

14:00

Higgs boson couplings and structure

Session | **Location:** University of Freiburg, Hermann-Herder-Str. 3 79104 Freiburg

14:00–14:30

Prospects for Higgs boson coupling measurements at Hadron Colliders (LHC, HL-LHC)

Speaker

Marco Zanetti

14:30–15:00

Prospects for Measuring Higgs Boson Couplings at the ILC

Speaker

Tomohiko Tanabe

15:00–15:20

Prospects for Higgs boson coupling measurements at TLEP

Speakers

Andre Tinoco Mendes, Cristina Botta

15:20–15:50

Discussion

15:50–16:20

Coffee break

16:20–16:45

Composite Higgs bosons

Speaker

Michele Redi

16:45–17:10

Strongly interacting physics versus weakly interacting SUSY and/or non-SUSY approaches

Speaker

Matthew Reece

17:10–17:35

Strong interacting EWSB, Vector boson scattering

Speaker

Guillermo Gomez Ceballos Retuerto

17:35–18:00

Discussion

18:00
