## $\Lambda_b \rightarrow p l \nu$ on the lattice

*Thursday 11 September 2014 09:20 (20 minutes)*

We present a brief review of our lattice calculation of  $\Lambda_b \rightarrow p$  form factors in the static  $b$  quark limit. A new calculation using relativistic  $b$  quarks is underway and its status will be discussed.

**Presenter:** Dr WINGATE, Matthew (University of Cambridge)
