

Raspberry Pi au CERN

Report of Contributions

Contribution ID: 2

Type: **not specified**

Surveillance de l'environnement

Saturday, October 5, 2013 3:00 PM (20 minutes)

Niveau: intermédiaire (dès 12 ans)

10' et 10' pour discuter

Presenter: FREYERMUTH, Pierre (CERN)

Session Classification: Live demonstrations

Contribution ID: 3

Type: **not specified**

Introduction et l'installation du Raspberry Pi

Saturday, October 5, 2013 10:00 AM (20 minutes)

Niveau: débutant (dès 6 ans)

10' et 10' pour discuter

Presenter: BELL, William Hamish (Universite de Geneve (CH))

Session Classification: Live demonstrations

Contribution ID: 12

Type: **not specified**

Créer un jeu avec Scratch/Creating a game with Scratch

Saturday, October 5, 2013 11:30 AM (30 minutes)

Session Classification: Atelier/Workshop

Contribution ID: 13

Type: **not specified**

PiPoule - Raspberry Pi et sa Camera pour surveiller nos pondeuses et leur productivité

Saturday, October 5, 2013 11:00 AM (20 minutes)

Presenter: MCCULLAGH, Alan

Session Classification: Live demonstrations

Contribution ID: 14

Type: **not specified**

Programming a Daemon

Saturday, October 5, 2013 10:30 AM (20 minutes)

How to make a simple daemon to read the TMP102 temperature sensor with the I2C bus on the Raspberry Pi

Presenter: KOIVUNIEMI, Jaakko Henrik (Ruhr-Universitaet Bochum (DE))

Session Classification: Live demonstrations
